

# Aerial Photography Services

*If you are gearing up to sell a residential or commercial piece of property, Norfolk Ram Group, LLC (Norfolk) is certain that you are looking for an edge, in order to get the most value out of your investment. The professionals at Norfolk are determined to find new and innovative ways to help keep their clients ahead of the competition. One of those ways is centered around the growing popularity associated with aerial photography. Affordable aerial photography offers individuals the opportunity to provide various perspectives of their land, in relation to it's surroundings, to potential buyers.*

## Aerial Photography Services

Norfolk Ram Group, LLC (Norfolk) is capable of providing aerial photography services to its clients at affordable prices. Whether you are interested in the sale of a commercial or residential piece of property, the use of aerial photographs is an effective way of showing your site, in relation to the surrounding lands. By simply providing one of Norfolk's specialists with the address of the site, a trained professional will select an aerial perspective, which brings out the best qualities of the property. By selecting images from recently acquired, high resolution aerial photographs, which were shot from the North, South, East, and West, Norfolk's professionals are able to gain a variety of perspectives on a single parcel of land. By zooming in and out of the image, Norfolk is able to either portray just the property itself, or the property and the surrounding areas in their entirety.

*An aerial view of commercial properties located in Cambridge, Massachusetts.*

After the aerial photographs are previewed, a Norfolk professional will help the client select which image is best suited for his or her needs. Upon making that decision, Norfolk will provide the client with the selected image on CD, in numerous formats, including tiff, jpeg and pdf. Norfolk can also customize a client's image by adding specific text or descriptive captions under the picture. With competitive pricing, at less than half of what traditional aerial photography services charge, the professionals at Norfolk are ready to serve your needs.

If you would like to know more about Norfolk's aerial photography services, please contact us at (508) 747-7900, and ask for either Jim Fritz or Martha Sullivan at extensions 149 and 139, respectively. Jim and Martha can also be reached via email at [jfritz@norfolkram.com](mailto:jfritz@norfolkram.com) and [msullivan@norfolkram.com](mailto:msullivan@norfolkram.com). Norfolk can be accessed on the internet at [www.norfolkram.com](http://www.norfolkram.com).
